SITUATION SUMMARY

Highly Pathogenic H5N8 Avian Influenza Confirmed in Commercial Turkey Flock in California

Jan. 24, 2015— In a press release, the United States Department of Agriculture's (USDA) Animal and Plant Health Inspection Service (APHIS) has confirmed the presence of highly pathogenic (HPAI) H5N8 avian influenza in a commercial turkey flock in Stanislaus County, California. This is the first finding of HPAI in commercial poultry during the ongoing disease incident in the Pacific Flyway. **No human cases of these avian influenza viruses have been detected in the United States, Canada, or internationally, and there continues to be no immediate public health concern.** APHIS and CDFA have initiated an incident command response, and APHIS will assist the California Department of Food and Agriculture (CDFA) in depopulating the remaining birds on the property to prevent the spread of the disease.

- Cal OES Telecommunications Duty Officer (TDO) and California Utilities Emergency Association (CUEA) are providing assistance to CDFA and USDA to ensure adequate cellular communications connectivity at the designated ICP. Telecommunications continues to work with CUEA and Verizon Wireless assisting CDFA with communications support.
- Mission 2015-INLAND-8419 has been opened and an incident has been created in Cal EOC: 2015-01-24 - Stanislaus - H5N8 Avian Influenza.
- Cal OES Inland Region has deployed a field Emergency Services Coordinator to the ICP to assist CDFA and USDA. The hours of operation are 0800 – 1900.
- The USDA IMAT #4 and one representative from CDFA will utilize Cal OES facilities as their operations center. All other State department representatives are working from their headquarter locations to support the activation. [IMT#4 Operational Period will be from 0730 – 1730 hours.](#)
- [On 01/29 depopulation of the infected premises continued. Surveillance of the control area continues with in-person communication established with 70% of the residents to date.](#)
- [Delivery of outreach information \(about the disease and the importance of protecting domestic birds from infection\) to various agriculture groups, organizations, agencies, feed stores, pet stores, and veterinary clinics was completed in three counties. Outreach is scheduled to continue tomorrow in three additional counties.](#)
- The field ESC at the ICP has discussed resource needs not available through normal CDFA/USDA channels. To date, these needs have been met locally.

SITUATION SUMMARY

Structure Fires, 22nd and Hyde Streets, San Francisco

SF DEM has decided to open a shelter at 1800 tonight for 80 residents that were displaced in two recent fires (1/28 displaced 67 and 1/29 displaced 23). Because residents had been given 2 day hotel vouchers, SF DEM expects that they will need sheltering starting tonight and, possibly through Friday, Feb 6.

The shelter at 1156 Valencia Street (Mission Corps Community Center) will be staffed by the American Red Cross with meal support provided by the Salvation Army. Coastal Region Duty Officer continues to monitor the situation.

Weather of Concern

- No significant Watches or Warnings are in effect.

Active Weather Warnings, Watches and Advisories by County: http://www.wrh.noaa.gov/sto/brief/www_bc_cal.php

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA

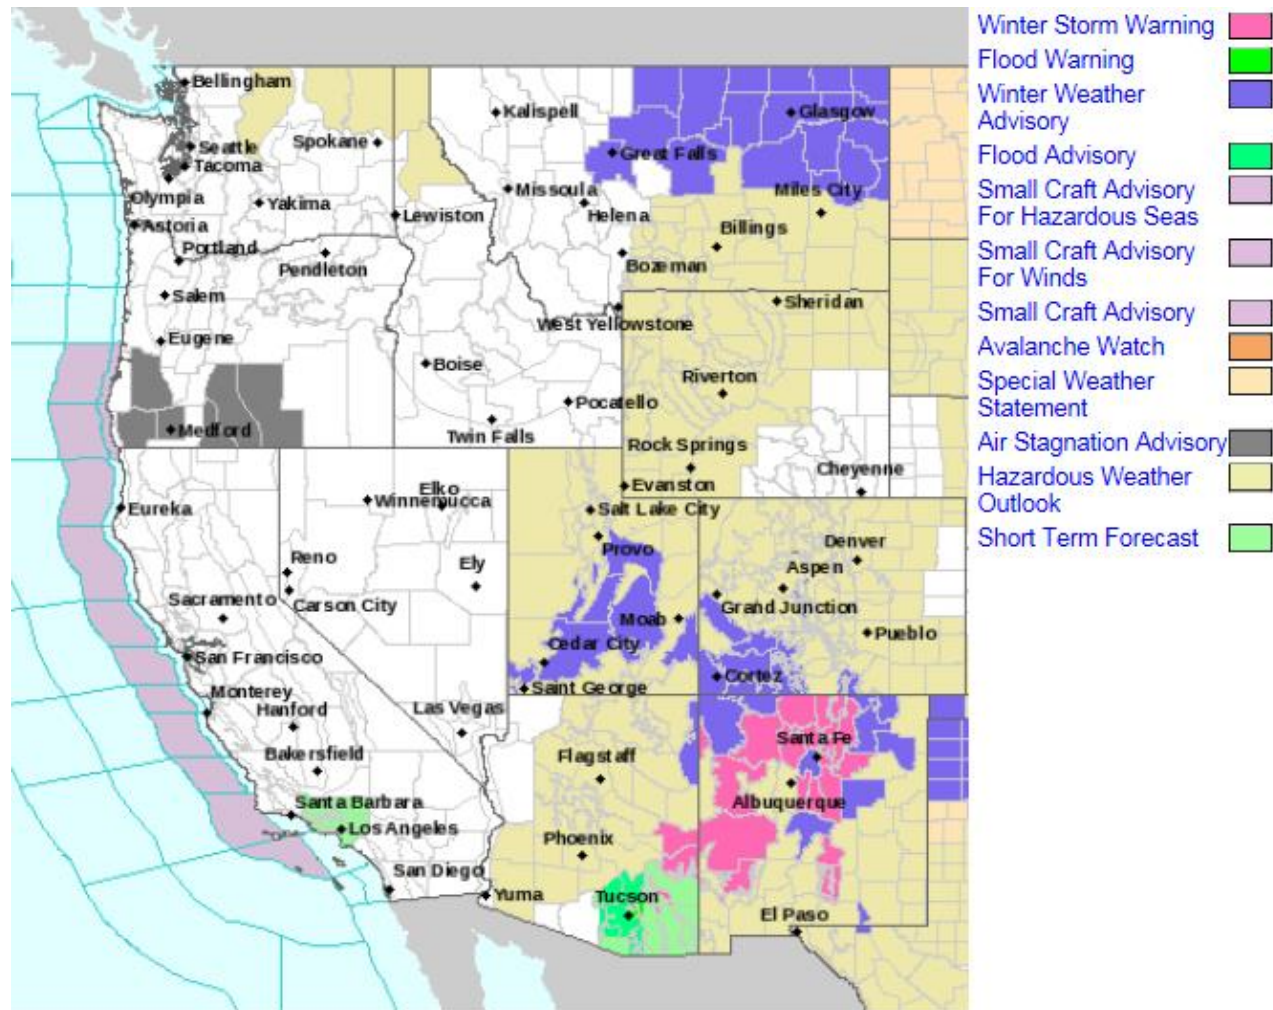

Low pressure has drifted to Southern California and the Desert Southwest. A high pressure ridge is building over Northern California. Light to locally moderate northeast/offshore surface wind will continue into early Sunday. Peak winds in the wind-prone areas west of the Cascade-Sierra Crest will be 25-35 mph, and these areas will have poor relative humidity recovery tonight and Saturday night. The ridge will move east of the area on Sunday as another Pacific low pressure trough approaches. Light rain showers are possible in Northwest California Sunday evening and across the northern mountains into early Tuesday. Another high pressure ridge will build back over the area with mild and dry weather through Thursday. Computer models show a chance of widespread rain beginning next Friday.

SOUTHERN CALIFORNIA

A low pressure area which is currently located near San Diego County will continue to generate scattered light showers over the area today. Most of the precipitation will occur from Los Angeles County south and eastward as well as the deserts south of I-15. Most areas will only see a trace to a tenth inch of rain, but the eastern slopes of the San Jacinto Mountains, the Cleveland National Forest, and the low desert may see over a half inch of rain. The rest of the area will remain cloudy with temperatures near seasonal averages. Highs will reach the lower 70s in the valleys to the 50s in the mountains. The low will move into Arizona Saturday. Some gusty north winds of 15-30 mph will be possible across the I-5 Corridor and areas near the Owens Valley throughout the day. Sunday, expect sunny and warmer weather as a ridge begins to build into the region. Light offshore winds of 15-25 mph will develop late Saturday night which will last through the morning hours Sunday. The rest of next week looks sunny and warm with light winds. Highs will climb a bit each day and by the middle of next week. Highs will be near 80 degrees in the valleys and lower foothills. A trough entering Northern California may bring some cooling along with onshore flow by next Thursday. Some rain may occur over the northern part of the state late next week, but the bulk of the precipitation will remain north of the district. No significant precipitation is expected the next 7 to 10 days.

RECOVERY ACTIVITIES

Magnitude 6.0 Earthquake, American Canyon, Napa County

- Cal OES and FEMA announced that the Major Disaster declaration for the South Napa earthquake will also include the Individuals and Households Program under the Stafford Act. This amendment makes assistance available to help homeowners and renters recover from the earthquake.
- As a result of President Obama's major disaster declaration, the U.S. Small Business Administration declared Napa and Solano counties, making residents and business owners eligible to apply for low-interest physical loss disaster loans. This declaration also made available low-interest Economic Injury Disaster Loans (EIDL) for businesses to apply in the primary counties of Napa and Solano, as well as the contiguous counties of Contra Costa, Lake, Sacramento, Sonoma, and Yolo.

Recovery Activities

Public Assistance

- RPA: 63 RPAs were received and 15 have withdrawn for a total of 48 FEMA approved open applications.
- Kickoff Meeting: 56 Kickoff Meetings have been completed leaving 1 remaining to be scheduled once through FEMA's review queue. It is currently anticipated all kickoff meetings will be complete by 1/31/2015.
- PW: 215 PWs are anticipated to be written as a result of the Napa Earthquake. Currently, 75 PWs are in draft, 85 PWs are entered into the federal database system, 62 of which have been obligated.
- Exit Briefing: 16 applicants have had Exit briefings conducted.

Individual Assistance

- The FEMA and State VAL continue to work with nonprofit organizations in Napa and Solano Counties regarding Long Term Recovery efforts. The United Methodist Committee on Relief (UMCOR) is providing funds to hire initial case management staff for the Napa Earthquake Recovery Group (aka, eNERgy) and the Vallejo Earthquake Recovery Group (VERG). Both Long Term Recovery Groups are seeking funds from partner agencies to assist with unmet needs.
- Assistance Centers – The Local Assistance Center (LAC) in Napa transitioned to an SBA DLOC on Tuesday 12/30/14. The smaller operation maintains a presence by SBA staff. Hours of operation are 8 a.m. to 4:30 p.m., Monday through Friday.

RECOVERY ACTIVITIES

2014 Statewide December Winter Storms

- On 12/22/14, Governor Brown proclaimed a State of Emergency in Marin, Mendocino, San Mateo, and Ventura Counties to allow Caltrans to formally request immediate assistance through FHWA's ER Program in order to obtain federal assistance for highway repairs or reconstruction for damages sustained as a result of the statewide storms impacting California. After assessing the damages, Caltrans is requesting the Governor update his proclamation to include Alameda, Contra Costa, Del Norte, Humboldt, Lake, Los Angeles, Monterey, Orange, San Francisco, Santa Clara, Shasta, Sonoma, Tehama, and Yolo Counties. Cal OES' Recovery Section conducted an assessment to verify the Counties of Lake, Marin, San Mateo, Sonoma, and Tehama's Public Assistance estimates for debris removal, emergency work, and permanent restoration of public facilities in order to determine potential eligibility for State funding.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC, Inland, Coastal, and Southern REOCs and the Santa Barbara County EOC are activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued an Executive Order on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought. Specifically, through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate a biweekly state interagency conference call regarding drought community impacts.
- Regional (Inland, Coastal, Southern) conference calls will occur once a month beginning February 9, 2015.

CAL OES Missions

Ongoing Cal OES Missions

- **2015-LAW-8473, 1/30/2015, 0554 hours**, AFRCC advised the CSWC of a ELT activation. LDO contacted ARFCC and received coordinates of 33 degrees, 56.30 Min. North , 118 degrees 02.20 Min. West placing the device near Santa Fe Springs, Los Angeles County. LDO contacted the Civil Air Patrol (CAP) and the Los Angeles County Sheriffs Department (LASD). CAP and LASD are responding to this activation. **Mission On-going.**
- **2015-INLAND-8419, 1/24/2015, 2012 hours**, One Cal OES Telecommunications Coordinator, ACS personnel, and a COW (cell on wheels) deployed to ICP in Warnersville, Stanislaus County, to support communications regarding CDFA activity with H5N8 Avian Influenza. **Mission Ongoing.**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
